An experienced interaction designer, focussed on creating delightful user interfaces that speak for themselves. Having worked in the print, web and app industries allows me to take the best of these worlds in creating a unique vision. I work best in a team where I have the ability to combine my skills with that of my team members. My goal for the future is to refine these skills even more and be challenged to keep learning.

C.C. Groevenbeek HAVO
'97 / '02 - Completed

Brunotti Europe Designer
'04 / '06 - Trainee / Part-timer

Expertise

Interaction design, graphic (user interface) design, multiplatform mobile app design, user centric design, UI patterns, wireframes, flows and sitemaps, (rapid) prototyping, working with Agile Scrum and KANBAN projects

Grafisch Lyceum MBO

IT-Ernity B.V. Interaction designer
'06 / '10 - Permanent employment

Junior* Academie HBO
'05 / '06 - Private sector - Completed

Service2Media B.V. GUI designer
'11 → Permanent employment

While designing, I keep an eye on the balance between quality and time. Being innovative is important to me, but I am a perfectionist as well. I always try to find the path to obtain the best result. I am a keen learner and I appreciate feedback, whilst maintaining a strong vision.
